March 23–24, 2017

8:30 am–5:30 pm

Join us for our Charlotte Campus Spring Event!

In the center of North Carolina, Biesse's Charlotte Campus will host the first **Inside Biesse** event of Spring 2017, on March 23rd and 24th. We are pleased to invite you to join us and discover over 23,000 sqft of innovative technology at our state of the art showroom. We will demonstrate solutions that combine the high output numbers of the assembly chain with the tailor-made value of artisan craftsmanship. You will see exciting new technology like the revolutionary Winstore Automation and Management Systems, Panel Saws with the patented twin pusher technology, Viet's Opera R, the only automated solution for sanding of MDF doors with flat center panel as well as removal of cross grain scratching of solidwood doors, CNC Routers with leading-edge technology, the award winning AirForce Hot Air System that delivers a zero-glue-line, drilling solutions, 5 Axis Machines, plus much more.

Industry professionals will be present for exchanging ideas, learning about new technology and discussing Industry 4.0. Consult with Biesse's product specialists, each with over 20 years of experience in the woodworking industry, who will be on hand to show you how Biesse technology can increase your production and advance your bottom line.

Please join us and let our knowledge go to work for you!
