Biesse Rover J

Heavy Duty Steel Gantry

Easy to use DSP numerical control with handheld device

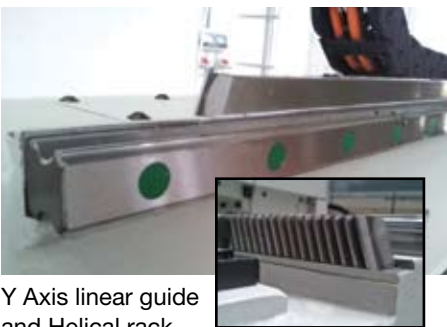

Powerful 15HP HSD Electro-spindle, ISO or HSK

Central Lubrication makes maintenance simple

X Axis helical rack & pinion with precision linear guides and digital servo motors guarantee high precision and high quality cut

Y Axis linear guide and Helical rack

7 position rack tool changer, ISO or HSK allows for increased productivity and flexibility

Work table is available in 4' x 8' and 5' x 10' and is accessible on all sides. The 5' x 10' version is equipped with smart vacuum sectioning in 4 areas to ensure maximum hold. In addition, the machine has been designed so vacuum pumps can be placed under the table saving space.
