

APPLICATION EVENT

MAY 18, 2018
ANAHEIM, CA

 **BIESSE**
 **INTERMAC**

Join us for Innovations in Cabinets & Countertops at our West Coast Showroom

Join Biesse and Intermac for our exciting Cabinets and Countertops Event combining manufacturing techniques for cabinet nesting and granite countertop fabrication with classroom presentations and machinery demonstrations. On Thursday, May 18 attendees will have the **unique opportunity to experience the best of both worlds**. We will start the seminar with a thorough review of the latest industry trends for manufacturing wood cabinets, covering alternative software applications, tooling recommendations and spoil board technology. We will then cover the fabrication of Natural and Engineered Granite countertops, including edgeworks profile, faucet drills, sink cuts out, seams and draining grooves. Combining the expertise of our wood division with our stone division, Biesse and Intermac will deliver a comprehensive look into the manufacturing challenges faced by both industry segments.

If you are a manufacturer who is interested in learning more about manufacturing wooden cabinets and granite counter tops, this is a seminar you don't want to miss!!

Space is limited so reserve your seat today! Click the link below for our online registration or contact us at marketing@biesseamerica.com if you have any questions or need any additional information.
